

# Pilot/Owner Maintenance & Pitfalls for Pilots (Decision Making to Keep Us Safe)

A pitfall is a trap quietly waiting to catch someone unaware. In aviation those traps include a number of every day behaviors that can become deadly when things go wrong in the air. Our maintenance segment covers what you as a pilot need to know about the plane you fly, things to watch for and who can fix a problem you may find. Bring your appetite, breakfast snacks and lunch will be provided. Fuel discount for fly-ins.

**Directions:** Main Terminal Building

## A message from the National FAASafetyTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

## Event Details

**Sat, Apr 26, 2014 - 10:00 am**

**Everett-Stewart Regional Airport**

1489 Airport Circle

Union City, TN 38261
